

## **West Lafayette Beautification Award Winner**

**July 2015**

### **Mary Johnson & Drew Casani**

Mary Johnson and her husband Drew Casani have been chosen as the winners of the West Lafayette Beautification Award for July, 2015. When Mary moved to 1515 Woodland in 2010 she worked with Bellinger's Ground Services to manage serious water drainage problems. Since Mary married Drew in 2012 they have worked together to reduce the density of old trees and add evergreens, decorative trees and hardscape. The previous owner planted an oak seedling decades ago that is now 88 inches around and towers over the front garden. An abundance of perennials and small shrubs add additional interest and texture to the numerous beds that surround Mary and Drew's charming home.
